

Profile of President of KIER

Dr. Jong-Nam Kim
Korea Institute of Energy Research (KIER)

Dr. Jong-Nam Kim is currently President of the Korea Institute of Energy Research (KIER), and Chairman of the Korea Carbon Neutral Technology Innovation Strategy established by Ministry of Science & ICT. He is also a member of Presidential Committee on Carbon Neutrality 2050 and Hydrogen Council of Korea.

Dr. Jong-Nam Kim has contributed to climate change mitigation by conducting R&D activities as a researcher of the Korea Institute of Energy Research (KIER) since 1985. He received his Ph. D in Chemical Engineering from the Korea Advanced Institute of Science and Technology (KAIST) in 1994. He has participated as principal investigator in chemical separation process R&D projects, and flourished KIER under his leadership as Chief of Separation Process Research Team, Chief of Chemical Process Research Center, and Director of Climate Change Research Division. He has published a total of 74 paper and a total of 3 books during the research period.
