

Dr. Sangjin Choi

Chief of Global Strategy Team of Korea Institute of Energy Research

Dr. Choi earned his Ph.D. from the Dept. of Industrial Engineering at Pusan National University (2000). Before he joined the Korea Institute of Energy Research in 2002, he had his postdoctoral course in the Dept. of Manufacturing Engineering at the University of Calgary. In 2015, he was a visiting researcher at Brookhaven National Laboratory to study R&D quality assurance in the national laboratory of the USA. His research interests are Energy System Modeling and Analysis, R&D Quality Assurance, and Global R&D Strategy. As chief of the R&D Strategy Team for the last 9 years, he has developed a global R&D strategic process and enhanced the competitiveness of energy technology through

collaboration.
